President's Message

As I sit in my newly-renovated hotel room on the Las Vegas strip, I look out at the lavish lights of neighboring casinos and ponder the purpose of the professional convention. This time, it is my husband's career that caused us to drop everything and travel to this Mecca of conference centers. Why do we interrupt our professional obligations, our family activities, our duties to our communities and friends, to attend these gatherings? An equally compelling question, why do our employers pay for us to be here?

Our involvement in professional organizations, and attendance at professional events, provides a number of benefits to our employers and to us personally. Our participation keeps us abreast of current events, technological advances, and trends and ideas. We are able to meet and interact with colleagues personally, and serve as ambassadors for our employers. Our influence becomes far-reaching, as we impact ideas, actions, and policies that will determine our collective futures.

In a few weeks, I will represent all of you at our Spring National Meeting in Glendale, Arizona. Presentations will be made, strategies will be formed, and votes will be cast. I hope you can join me there, for all the reasons I have listed, and also because it will be a lot of fun. In the meantime, you can have an impact on COPAS OKC here at home by contributing to committee discussions, volunteering to serve as a member of the Board in May, or standing for your company as their voting representative at our April meeting. I look forward to seeing you there.

Carole
